## Indian variant could force in local lockdowns

THE spread of the Indian coronavirus variant could lead to the return of local lockdowns, ministers have acknowledged. The rise in cases of the highly transmissible variant of concern also risks the next stage of England's road map out of lockdown pencilled in for June 21, being delayed.

Ministers now see the chances of the final stage of lockdown being lifted as "almost nil".

Cabinet minister George Eustice (above) still wants the June 21 measures, which would see most remaining restrictions scrapped, to go ahead but said: "We can never rule out that there may have to be a delay."

Asked whether it was possible for parts of the country to enjoy new freedoms on June 21 while others are kept under restrictions, Mr Eustice said: "That would be an option."

## Sharp drop in COVID deaths

DEATHS involving COVID-19 in England and Wales have fallen 99% from the peak of the virus, new figures suggest.

Most age groups are now seeing the lowest number of deaths for nearly eight months, driven down by lockdown restrictions and the vaccine rollout.

A total of 125 deaths occurred in the week ending April 30 where COVID-19 was recorded on the death certificate, according to the Office for National Statistics (ONS).

This is down 99% from 8,979 deaths in the week to January 22, the peak of the second wave.

## Boffins say reactor set to blow again

THE core of the doomed reactor at Chernobyl has started to smoulder again – and it could blow up at any moment!

The reactor was sealed in millions of tons of concrete after the 1986 explosion that showered radioactive debris across much of western Europe.

The crisis was turned into an award-winning HBO miniseries starring Jared Harris, Stellan Skarsgård, Emily Watson and Paul Ritter in 2019.

Now scientists monitoring the ruins of the Ukraine plant have seen a surge in atomic

reactions in an inaccessible chamber within the complex and fear there could be a runaway nuclear reaction.

The 1986 explosion melted sand from the reactor walls with concrete and steel to form lava-like and intensely radioactive substances that oozed into lower floors.

One chamber, known as subreactor room 305/2, is thought to contain large amounts of this material, but it is inaccessible and

hasn't been seen by human or robotic eyes since the disaster.

Researchers have seen a spike in neutron emissions from the room, which points to a growing nuclear fission reaction.

Neil Hyatt at the University of Sheffield, who studies nuclear waste disposal, likens the situation to "embers in a barbecue pit" and says "it's a reminder to us that it's not a problem solved."

He said: "We're talking about very low rates of

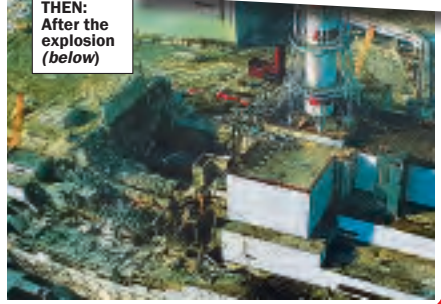

fission, so it's not like a fizzing nuclear reactor.

"And our estimation of fissile material in that room means that we can be fairly confident that you're not going to get such rapid release of nuclear energy that you have an explosion. But we don't know for sure."

Hyatt says the situation is "cause for concern but not alarm".

But if the rate of neutron production continues to increase, researchers may need to intervene.

## Vacancies soar as lockdown eases

UK job vacancies have hit their highest level since the start of the pandemic as the easing of lockdown measures has led employers to start recruiting.

In the February-to-April period there were 657,000 vacancies, up about 48,400 on the previous quarter.

The unemployment rate fell slightly to 4.8% in the three months to March, down from 4.9% in February, the Office for National Statistics said.

The ONS said there were "early signs of recovery" in the jobs market.

However, despite the rise in job vacancies over the past 12 months, the level remains almost 128,000 below its pre-pandemic level in the

January-to-March quarter of 2020.

The official figures confirm recent reports by recruitment companies that they are seeing a rise in job advertisements, leading to concern among some employers that they could face staff shortages.

### Recovery

The ONS said the number of workers on payrolls had risen by 97,000 between March and April, but was still 772,000 lower than before the pandemic struck.

Darren Morgan, ONS director of economic statistics, said the number of employees on payroll "rose strongly in April" as the economy began to reopen, continuing an

improvement from its November trough.

But he said: "There remains, however, three-quarters of a million people fewer on the payroll compared with the pre-pandemic peak."

"With many businesses reopening, the recent recovery in job vacancies continued into April, especially in sectors such as hospitality and entertainment."

Chancellor Rishi Sunak said the latest figures showed the impact of the government's focus on protecting jobs during the pandemic.

"While sadly not every job can be saved, nearly two million fewer people are now expected to be out of work than initially expected, showing our Plan for Jobs is working," he said.

Business leaders welcomed the vacancy levels as positive

signs for the economy, but warned there was still a long way to go.

Matthew Percival, director of people and skills at the CBI business lobby group, said: "Businesses are starting to report vacancies they are struggling to fill, so government support for skills and retraining is essential."

## Four bailed in anti-semitic abuse probe

FOUR men have been bailed after they were arrested in connection with a video appearing to show anti-Semitic abuse being shouted from a car in the St John's Wood area of north London.

The Metropolitan Police said the men were released "pending further enquiries".

They were arrested on suspicion of racially aggravated public order offences.

While in custody in west London, they were also arrested in connection with a similar incident that took place in the early hours of Sunday in the Broughton Park area of Salford.

In the London video, men are heard shouting: "F\*\*k the Jews, rape their daughters."

## Fat's a worry for hospitals

THERE were more than a million hospital admissions for obesity-related treatment in England in the year leading into the global pandemic, figures reveal.

The record number indicates the scale of the obesity problem as coronavirus started to spread across the UK.

Being overweight is one of the most significant risk factors for severe COVID.

Experts say the data should be a wake-up call for tackling obesity.

The figures, published by NHS Digital, show a 17% increase in hospital admissions where obesity was a factor, compared with the year before.

# CUMMINGS RAPS GOVERNMENT VIRUS SECRECY

DOMINIC Cummings has blamed the government's secrecy over the coronavirus response for the "catastrophe" in spring 2020.

Boris Johnson's former aide said the COVID plan was supposed to be "world class" but turned out to be "part disaster, part non-existent".

He said public scrutiny was now essential to examine how the government will respond

to a variant of the virus that can escape vaccines.

Mr Cummings (left), who exited Downing Street in November after a behind-the-scenes power struggle, is due to give evidence to MPs on the coronavirus response on May 26.

Ahead of that, he aired his concerns with the approach adopted in the early stages of the pandemic last year.

He wrote on Twitter:

"One of the most fundamental & unarguable lessons of Feb-March is that secrecy contributed greatly to the catastrophe."

"Openness to scrutiny wd have exposed Gvt errors weeks earlier than happened."

Mr Cummings also questioned why MPs were accepting the "lack of a public plan now" for the vaccines taskforce to respond to new variants.

In a new study, scientists using an enema of oxygen-carrying liquid proved that oxygen-deprived animals – and maybe people – can be saved via their bottoms.

Dr Takanori Takebe (above), of the Tokyo Medical and Dental University and the Cincinnati Children's Hospital Medical Center, started alternative oxygen-delivery research as his father struggled with lung disease.

Part of his trials involved a reverse fart, pumping oxygen up the rectums of anesthetized, oxygen-deprived mice.

# AS NAKED ATTRACTION HUNK SAYS HE PREFERS LADIES WITH SHAVED-CLEAN PARTS, IT'S... **BUSHY BEAVER SHAVEN RAVEN**

**IT'S a divisive issue – bushy minge or bald fanny...**

*Naked Attraction* viewers were left unimpressed after a contestant insisted he was "tired of being superficial", before insisting he preferred his women to have no PUBES.

In an episode of the Channel 4 show, host Anna Richardson met 33-year-old fashion entrepreneur Tansel from London, who was looking to settle down and hoped that losing his clothes would help him find the right girl.

"There's no shortage of women around me but I'm tired of the superficialness," he explained.

"I'm ready to meet the one."

However, when the coloured screens slowly revealed the more

intimate areas of the naked women, Tansel couldn't help but mention their pubic hair.

And he even told a woman who was clean-shaven: "I get a sense of cleanliness."

But many who tuned in were left outraged by the comment, with one writing: "Is calling the clean shaven women hygienic an indirect dig at the woman with the pubes?"

Speaking to Anna about his preferences, Tansel said: "I prefer without, personally, as you can appreciate what's there and that's lovely."

As he walked past each cubicle,

he frequently referred to women without pubic hair as being "well kept".

"Very well kept, I get a sense of cleanliness," he commented about one contestant.

"This lady has got a good sense of hygiene."

Many viewers were quick to take to social media to express their shock over Tansel's regular comments.

"Why does he think that pubic hair isn't hygienic??? That's literally it's purpose. Educate yourself," urged one.

While a second penned: "Likes 'hygiene' but dislikes pubes... erm, that's what they are for..."

Man, 61, caught pulling pud in aisles at Asda

A MAN furiously masturbated in an Asda supermarket.

Balbir Lehal, 61, was found pulling his pud in the aisles of Asda in Salford, Derbyshire.

Court documents state he was accused of behaving in an indecent manner by "masturbating to gain sexual satisfaction in a public place, namely Asda shopping aisles in which families with young children, as well as store staff, were immediately nearby and likely to be outraged".

Lehal, of Salford, admitted one charge of committing an act of outraging public decency under common law at Southern Derbyshire Magistrates' Court.

He will be sentenced for the offence at Derby Justice Centre at a later date.

# A RIGHT ROYAL PAIN IN THE ASS

## Yanks want to DEPORT Harry after he whines about US Constitution

**YANKS are clamouring for Prince Harry to be DEPORTED from the United States after the whingeing royal called their beloved constitution "bonkers".**

The ginger prince caused uproar last week when he criticised America's treasured freedom of speech, which is enshrined in the First Amendment to the Constitution.

Now growing numbers of Americans want the ungrateful prince BOOTED out of the US, where he has settled with wife Meghan to escape what the couple have called the "racist" Royal Family.

### Fought

A Washington DC source said: "Criticising the US Constitution is like criticising the Queen in England, it's just not on."

"It's the document from which all our freedoms and liberties lie. Freedoms and liberties from the British Crown, as it happens."

"Americans fought long and hard to free themselves from Prince Harry's ancestor, George III. They don't need lectures from a 'woke' royal."

Calls to deport Harry come as a respected news anchor described the prince as a 'right royal pain in the ass'.

By **BRAD CHADWICK**  
[news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

Fox News presenter Sean Hannity called out Harry for the comments he made on Dax Shepard's podcast, *Armchair Expert*.

Addressing the comments at the end of his show, Hannity said: "Before we go, I have a message for Harry who is now attacking one of America's most sacred rights, the freedom of speech."

"Harry, we really don't need you coming from England to give us lectures on the First Amendment."

"And if you can't understand the importance of free expression and the importance of Constitutional principles that allow for a free exchange of ideas and opinions that make America the greatest country on earth, then maybe it's time for you to move to a place more compatible with your restrictive ideas."

"This is what public figures in America go through."

"In a way I kind of feel sorry for you, because you seem torn between your new bride and your family back in England."

"Understand this is the same First Amendment that allowed you and your wife to trash your own family in the Oprah Winfrey interview."

"You and Meghan were allowed to accuse your family of racism."

"We don't really need

lectures about customs or sacred freedoms. And by the way, you're free to go home, make amends at the Palace with the people that you and your wife hurt deeply."

Harry fled British royal life to live in luxury in California last year and has since made a fortune through American companies like Netflix and Spotify.

He said on the podcast last week: "I've got so much I want to say about the First Amendment as I sort of understand it, but it is bonkers."

"I don't want to start going down the First Amendment route, because that's a huge subject and one which I don't understand because I've only been here a short time, but you can find a loophole in anything."

"You can capitalise or exploit what's not said rather than uphold what is said."

# DID FRED WEST BURY MARY UNDER THE TOILET?

SERIAL KILLER: West

COPS are to dig up a TOILET as they search for a teenager believed to be serial killer Fred West's first victim.

Mary Bastholm went missing in Gloucester in 1968 and police have been searching the cellar of the premises where she used to work.

Six parts of a toilet area are to be excavated, Gloucestershire Police said.

The force is in contact with West's son Stephen, who said his father admitted killing the 15-year-old.

Officers were contacted on May 7 by a TV production

company who were filming at The Clean Plate Cafe in the city.

West, who topped himself in 1995 before he could stand trial for the murders of multiple women and girls, was a regular at the cafeteria, then called the Pop-In Cafe.

Initial searches of the cellar had revealed what looked like blue material.

Mary Bastholm was wearing a blue coat, blue and

white dress and was carrying a blue bag on the day she went missing, the force said.

Detective Chief Inspector John Turner said the excavations, expected to take about two weeks, would reveal "once and for all" if the teenager's remains were buried there.

He said: "My job as an investigator is to search for the truth."

"And that's why we're here

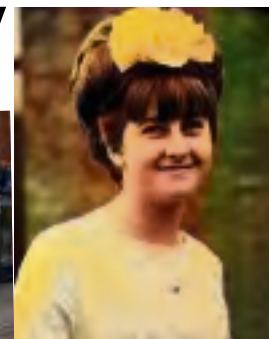

now, on behalf of Mary's family, to look in the basement and find out what is in there."

"I'm not saying that Mary is in there. What I am saying is, there was sufficient evidence from the production team to justify the search."

He dismissed media reports circulating on Monday that bones had been found as untrue and "unhelpful and hurtful to Mary's family".

# The cheek of it as Marilyn gets her ass kicked!

MARILYN Monroe's famous ARSE is being cancelled by prudes!

A supersized statue of the tragic screen goddess, posed with her skirt up, has sparked a booty backlash in Palm Springs, California.

With more than 40,000 signatures collected, Armstrong's online call-to-action demands Monroe's backside get the boot out of Coachella Valley.

The cheeky 'Forever Marilyn' sculpture is a stainless steel shrine inspired by Monroe's iconic dress-billowing subway grate scene in the 1955 blockbuster *The Seven Year Itch*.

"The thought of kids leaving our museum and the first thing they see is the underwear and undergarments of this enormous Marilyn sculpture would be highly offensive," said Louis Grachos, director of the Palm Springs Art Museum.

A CREEPY cop has been sacked for trying to shag a grieving woman whose father's death was being probed by detectives.

Internal investigations found Brian Overton had inappropriate contact with two women, Pinellas County, Florida, Sheriff Bob Gualtieri said.

The first probe was launched after a woman who met Overton during an investigation into her father's death told authorities of unsolicited and unwelcome text messages that were "sexual in nature" from the deputy.

Gualtieri said Overton had claimed he merely "wanted to help" the woman and never initiated physical contact between them.

But the deputy later admitted to sending the sexual messages and was given a written reprimand before being fired later.

# UFOS ARE REAL

**NO HOAX:**  
Flying saucers are in our skies

**OFFICIAL**

## Shock report 'within weeks'

**UFOS are real and the US government is just weeks away from admitting it in public.**

The US Senate has ordered the head of Yank intelligence and President Biden's Secretary of State Antony Blinken to deliver a report on the topic by next month.

Since 2007, the US government has been studying unidentified aerial phenomena behind the scenes, collecting videos of possible UFO sightings.

The Pentagon admits what's depicted in the videos – captured by the US military – is something they can't explain.

It's believed that President Biden has ordered Blinken to "tell the truth" about UFOs.

Police have already been warned to expect panicked rioting.

"When you see a video of something that can't be explained, it doesn't mean it's aliens. It just means something is going on in the sky that we can't identify," Mutual UFO Network Michigan Chapter State Director Bill Konkolesky said.

In 2015, the US Navy captured video of UAP off the coast of Jacksonville.

The video and others like it are now being

By **SUZIE SHELDON**  
[ne@sundaysport.co.uk](mailto:ne@sundaysport.co.uk)

studied by the UAP Task Force.

Only last month, a video of three pyramid-shaped UFOs gathered by the UAP Task Force was leaked to the public.

According to the Pentagon, the video was captured by Navy officers aboard the USS Russell off the coast of California in 2019.

"The fact that this wasn't some sort of hoax and that this is actually a giant pyramid

spinning around in the sky, that's amazing," Konkolesky said.

Konkolesky and the Mutual UFO Network have been researching the topic for decades.

He says the upcoming report, set to be turned over to the Senate next month, is a major step forward for UFO research.

"It's possible that some things will be released now and some things will be released later to give people time to digest everything that is in this," Konkolesky said.

The scaly reptile terrified customers as he ran after them in the car park of a Wendy's diner in Lehigh Acres, Florida.

"He may have just been 'hungry' for a cheeseburger, but he gave many quite the scare!" the authorities joked in a tweet.

Wildlife officials said the animal was likely just trying to go from one body of water to another as it crossed Lee Boulevard.

Authorities were able to wrangle the gator and a trapper was called in to relocate it to a farm in LaBelle, Florida.

Here are some of the confessions from women who like porn and aren't embarrassed to admit it...

**Scary Mommy**

Alone time in the basement with some porn is the only thing keeping me sane right now.

Sometimes i watch porn late at night and rub one out while hubby sleeps. love him, but our sex life is blah. so i connect w/him but have big O by myself. sad.

i fantasize about being a porn star to get off faster when i am having sex or masturbating. i don't have the looks or the guts to do that for real but it turns me on.

Wish i could just give my pussy some quality time, but everyone is always around w/lockdown. missing my vibe right now. dh just does not have the energy right now. so reading lady porn to get my pussy tingles.

The amount of porn i watch is getting ridiculous. My husband is never interested in sex. Wish there wasn't the stereotype of women hating sex. It's flipped for us but no one understands

I don't have a particular category i prefer in porn. I just love videos in which the woman (whether she's an actress or an amateur) honestly looks like she's enthusiastic, having a good time, and enjoying it immensely.

I could definitely be bi for pornstar Riley Reid. Jealous of the women who get to feel her tongue.

At least once every week, I go to the gym simply to sit in one of the family restrooms, watch porn, and masturbate for a half-hour.

Enjoy watching double penetration porn, but too chicken to even try anal for real but the fantasy turns me on. wtf?

It turns me on more to think about f\*\*king a woman. married over 30 yrs only been with hubby but damn lesbian porn looks hot to me. would not cheat, but it's tempting if i outlive him. toys and women. sounds like good sex w/o the control or drama. am i wrong?

I started watching porn and now I'm super horny all the time.

I snuck into the room today and watched porn and masturbated while 2 DCs on virtual calls and H working from home... mama's got have some alone time too!!

I don't like modern porn, but some of the older stuff (when they had hair, and normal looking bodies) is pretty damn good.

I like 'feminist porn' or 'couples porn'. It's made by and for women instead of men. It has romance and actually looks like making love rather than close-up's of pounding genitals in uncomfortable positions and finishing by cumming on the actress' face.

I get off on lesbian massage porn.

I watch more porn than my husband.

## Capitol rioter in hot water over illegal lion shooting

A MAN accused of taking part in the riot at the UC Capitol in January is now facing house arrest for shooting a LION!

Patrick Montgomery, 41 (above), was slapped with a 10-count indictment in January for his role in the riot but given a conditional release that banned him from having a gun.

He violated that when he used a .357 handgun to shoot a mountain lion at a park in Denver, Colorado, back in March.

Montgomery served six years behind bars for a 1996 robbery and authorities barred him from carrying a firearm, including a handgun.

Prosecutors said Montgomery had also broken Colorado laws when he hunted a bobcat in January, knocked it out of a tree with a slingshot and watched while his dogs killed the animal.

Montgomery was arrested in January for allegedly taking part in the Capitol riot and charged with assaulting a Metropolitan Police Department officer.

## Terror-charge man slits own throat at court

A MAN committed suicide just moments after being found guilty at court.

He cut his own throat inside the courthouse in Fargo, North Dakota, in front of a judge and courtroom workers and other witnesses, US Marshal Dallas Carlson said, adding: "He produced an edge weapon and cut his throat."

The jury, who was not inside the courtroom at the time, had found the unnamed man guilty on at least some of the terrorising-related charges against him.

Another witness said the man "turned around and you could see the inside of his neck."

"He had slit his neck with some object." US Marshals and the FBI are investigating the man's death.

**MODEL** Cara Delevingne talks about her MINGE in a new digital vid she's flogging for charity.

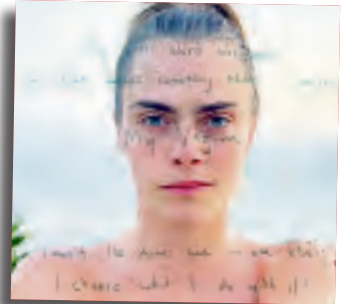

The society sweetheart, 28, from London, has shared a 30-second video as she poses nude in front of an exotic sunset and discusses her love for her vagina.

In the short film, the actress, who identifies as pansexual and has dated stars including Ashley Benson and Paris Jackson, explains: "My vagina, I own it. It's mine and no one else's. I choose what I do with it. And no one can take that away from me."

Cara teamed up with controversial artist Chemical X for the artwork, which comes in the form of a non-fungible token (NFT).

An NFT is a unique digital token encrypted with an artist's signature which verifies its ownership and authenticity and is permanently attached to the piece.

It allows 'original' versions of popular online content, like viral memes and tweets, to be sold as if they were physical pieces of art.

In the artwork, Cara begins by saying: "My first word was mine. To me, that means something that is most mine – my vagina."

Speaking of the artwork, Cara said: "I want this to remind people of how incredibly powerful they are, what a beautiful thing their bodies are and to take pride in that."

All of Cara's proceeds from the work will go to charity in the form of her Cara Delevingne Foundation, which supports women's rights, the LGBTQ community, mental health and environmental causes.

## Garage girl rescues car kidnap victim

A PETROL station attendant came to the rescue of a kidnapped woman when she escaped from the boot of a car.

The victim was bound and thrown into the boot by Cody Jackson after he attacked her with a piece of wood at a home in Seffner, Florida.

Jackson stopped at a Citgo station 75 miles north of the abduction.

His victim managed to free herself and ran to Rachel Craddock's locked private door.

"She was banging on it, saying, 'Help me! Help me! He's gonna kill me!'," Craddock said.

"And I unlocked the door and I pulled her in and I locked that door."

Jackson, 32, drove off and is still at large.

Lovato (below) recently posted a photo of the night sky on her Instagram, along with the caption: "If we were to get 1% of the population to meditate and make contact, we would force our governments to acknowledge the truth about extraterrestrial life among us and change our destructive habits destroying our planet."

Other celebs involved in the field of UFOs include Blink-182 co-founder Tom DeLonge and Jack Osbourne.

That was admirably proved by sexy Dua Lipa when she wore them at last week's Brits.

While the annual music ceremony may have been a tiresome parade of politically-correct wokery, Dua gave the dads a treat as she performed in black susses and a short skirt that showed off her glorious inner thighs.

And the babe topped it off with her red, white and blue union flag skirt channeling Geri Haliwell's appearance at the Brits in 1997.

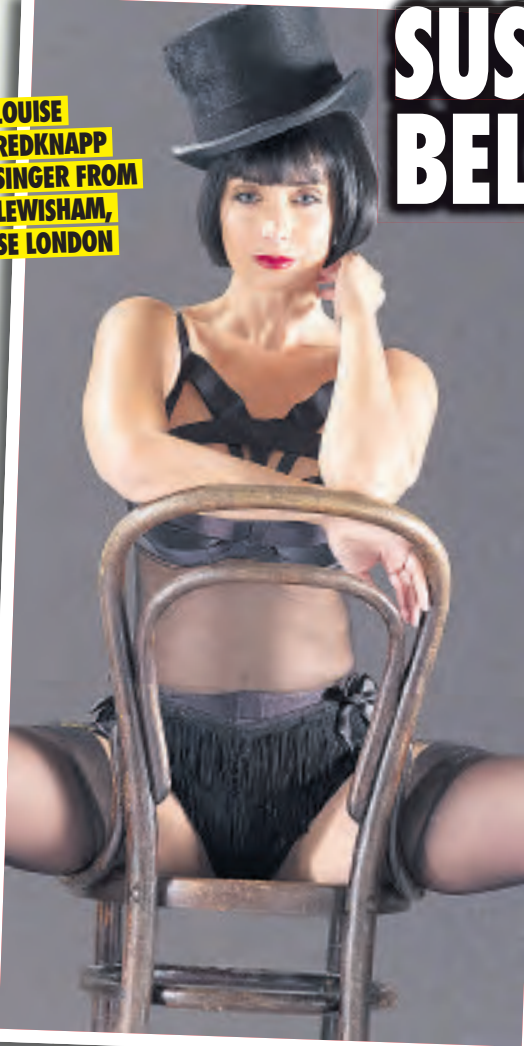

The babe's appearance certainly had an effect on lingerie sales, it prompted a £20m sales frenzy.

# Ted Bundy: The killer with crooked teeth

**DEATH SENTENCE:**  
Bundy after  
being found  
guilty of  
murder

**TED Bundy went to trial for the attempted kidnapping of Carol DaRonch in February 1976.**

After waiving his right to a jury, he was found guilty and sentenced to 15 years in prison.

At that time police were investigating links to Bundy and what had become known as the Colorado murders.

According to his credit card statements, he was in the area where several women vanished in early 1975.

And in October 1976, Bundy was charged with the murder of Caryn Campbell.

He was extradited from the Utah prison to Colorado for the trial.

Serving as his own lawyer allowed Bundy to appear in court without leg irons and gave him the opportunity to move freely from the courtroom to the

By **KOURTNEY KENNEDY**

law library inside the courthouse.

In an interview, while in the role as his own lawyer, Bundy said: "More than ever, I am convinced of my own innocence."

But in June 1977, during a pre-trial hearing, he escaped by jumping out of the law library window. He roamed free until he was captured a week later.

## Monster

On December 30, 1977, Bundy escaped from prison and made his way to Tallahassee, Florida, where he rented an apartment near Florida State University under the name Chris Hagen.

College life was something Bundy was familiar with and one he enjoyed. He managed to buy food and pay his way at

local college bars with stolen credit cards.

When bored, he would duck into lecture halls and listen to the speakers.

But it was just a matter of time before the monster inside Bundy would resurface.

On January 14, 1978, he broke into Florida State University's Chi Omega sorority house and bludgeoned and strangled to death two women, raping one of them and brutally biting her on her buttocks and one nipple.

He beat two others over the head with a log.

They survived, which investigators attributed to their roommate Nita Neary, who came home and interrupted Bundy before he was able to kill the other two victims.

Nita had arrived home around 3am and noticed the front door to the house was ajar. As she entered, she heard hurried footsteps above going toward the stairway.

She hid in a doorway and watched as a man wearing a blue cap and carrying a log left the house.

Upstairs, she found her roommates. Two were dead, two others severely wounded.

## Mask

That same night, another woman was attacked and the police found a mask on her floor identical to one found later in Bundy's car.

On February 9, 1978, Bundy killed again.

This time it was a 12-year-old girl, Kimberly Leach, who he kidnapped and then mutilated.

Within a week of the disappearance of Kimberly, Bundy was arrested in Pensacola for driving a stolen vehicle.

Investigators had eye-witnesses who identified Bundy at the dorm and

**I**n August 1975, police attempted to stop Ted Bundy for a driving offence.

He'd aroused suspicion when he tried to get away by turning his car lights off and speeding through stop signs.

When he was finally stopped and his Volkswagen searched, police found handcuffs, an ice pick, crowbar, pantyhose with eye holes cut out and other questionable items.

They also saw that the front seat on the passenger side of his car was missing.

Police compared the things found in Bundy's car to those victim Carol DaRonch had described seeing in her attacker's car.

The handcuffs that had been placed on one of her wrists were the same make as those in Bundy's possession

Once DaRonch picked Bundy out of a line-up, the police felt they had enough evidence to charge him with attempted kidnapping.

The authorities also felt confident they had the person responsible for the tri-state murder spree that had gone on for more than a year.

It would turn out that they had contained – at least at first – one of most notorious killers in history.

Bundy's name – and his infamy as the "killer with the crooked teeth" – would spawn all kinds of books, films, TV series and documentaries.

It also inspired *Bundy: The Deliberate Stranger*, a movie about his monstrous real-life wave of terror.

## REAL-LIFE MOVIE KILLERS

at Kimberly's school.

They also had physical evidence that linked him to the three murders, including a mould of the bite marks found on the flesh of the sorority house victim.

Still thinking he could beat a guilty verdict, Bundy turned down a plea bargain whereby he would plead guilty to killing the two sorority women and Kimberly in exchange for three 25-year sentences.

He went on trial in Florida on June 25, 1979, for the murders.

The trial was televised and Bundy played up to the media when on occasion he acted as his own lawyer.

But he was found guilty on both murder charges and given two death sentences by means of the electric chair.

On January 7, 1980, Bundy went on trial for killing Kimberly Leach.

This time he allowed his lawyers to represent him.

They decided on an

insanity plea, the only defence possible with the amount of evidence the state had against him.

Bundy's behaviour was much different during that trial than the previous one.

He displayed fits of anger, slouched in his chair, and his collegial look was sometimes replaced with a haunting glare.

And then it came. Bundy was found guilty and received a third death sentence.

## Horrific

During the sentencing phase, Bundy surprised everyone by calling Carol Boone as a character witness and marrying her while she was on the witness stand.

She was convinced of his innocence and later gave birth to Bundy's child, a little girl who he adored.

But in time she divorced Bundy after realising he was guilty of the horrific crimes he had been charged with.

**WEIRD:**

After endless appeals, Bundy's last stay of execution was on January 17, 1989.

Before being put to death, Bundy gave the details of more than 50 women he had murdered to Washington State Attorney General's chief investigator, Dr Bob Keppel.

He also confessed to keeping the heads of some of his victims at his home, plus to engaging in necrophilia – sex with corpses – with some of his victims.

In his final interview, he blamed his exposure to pornography at an impressionable age as being the stimulant behind his murderous obsessions.

Many of those directly involved with Bundy believed he murdered at least 100 women.

His electrocution went as scheduled amid a carnival-like

atmosphere outside the prison.

It was reported that he spent the night crying and praying and that when he was led to the death chamber, his face was sullen and grey.

Any hint of the formerly charismatic, charming Bundy was gone.

As he was moved into the death chamber, his eyes searched across the 42 witnesses.

### Smoke

And once strapped into the electric chair, he began mumbling.

When asked by Supt Tom Barton if he had any last words, Bundy's voice broke as he said: "Jim and Fred, I'd like you to give my love to my family and friends."

Jim Coleman, one of his lawyers, nodded, as did Fred Lawrence, the Methodist minister who

prayed with Bundy throughout the night.

Bundy's head bowed as he was prepared for electrocution.

Then 2,000 volts of electricity surged through his body.

His hands and body tightened up and smoke could be seen coming from his right leg.

Then the machine turned off and Bundy was checked by a doctor one last time.

On January 24, 1989, Theodore Bundy, one of the most notorious killers of all time, died at 7.16am.

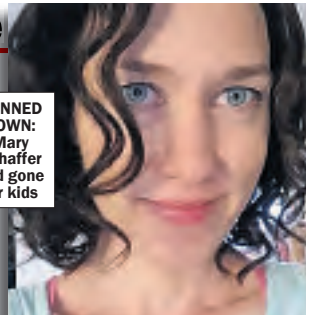

At the same time crowds outside cheered: "Burn, Bundy, burn!"

# KILLER HUBBY SHOT TRAMP 'AS PRACTICE'

**DOUBLE MURDER RAP: Beal**

**Ex-wife met same fate weeks later**

**GUNNED DOWN:**  
Mary Schaffer had gone for kids

**A MAN allegedly killed a tramp as "practice" for his ex-wife's murder, prosecutors claim.**

Nathan Beal, 36, is accused of shooting Andrew Bull, 30, in the head in April 2020, just months before his ex-wife Mary Schaffer, 32, suffered the same fate in the Browne's Addition neighbourhood of Spokane, Washington state.

"We believe the killing was done by Mr Beal as practice," Spokane County Prosecutor Dale Nagy told the court over Bull's death.

Mr Nagy alleged Beal told a jail informant he killed Bull because he was "curious" and that it was for "practice".

### Gun

Shell casings at both crime scenes confirmed that the same gun was used on Beal's ex-wife, whose body was found outside a home where she was supposed to pick up their two children from him in August, prosecutors said.

Beal and his girlfriend allegedly purchased the handgun a few months before Bull's shooting.

It was later recovered from his apartment. Beal has been detained

since September, when he was charged with his ex-wife's murder.

Prosecutors argued that he should be tried for the two killings at the same time.

But Beal's attorney, Stephanie Cady, argued that the jail informant is "very likely not a credible witness".

Judge Michelle Szambelan has ruled against combining the cases, saying there was not sufficient evidence that the motives over the two deaths were connected.

Beal is due to go on trial for his ex-wife's death on October 4.

## TOLD TO KILL BY NEIGHBOUR'S DOG

# chloe #HO TOY

**P**ERT-BOOBED beauty Chloe Toy has signed up to the streaming telly service Britbox, so she can watch all the old episodes of *Doctor Who*.

Chloe, who's from Harlow in Essex, got into watching the sci-fi show after falling in love with Matt Smith when he played The Doctor.

And that prompted the 32C babe to delve deeper into the show's history.

## Favourite

She said: "I started watching classic *Doctor Who* episodes from the 1960s and 70s and love the second Doctor, Patrick Troughton. He's by far my favourite.

"I like Tom Baker, too, and Jon Pertwee, but I've only seen a few of their episodes.

"Now on Britbox I'll be able to watch them all in the order they were first broadcast.

"I can't wait!"

WHAT'S ANNOYING HIM THIS WEEK?

TITS AN OUTRAGE: Babe protest about something or other

**COLLEAGUES** at our sister title *Sunday Sport* revealed at the weekend that the term "woke" is facing calls to be ditched because it is potentially offensive to **INSOMNIACS**.

Now, those of us who remain relatively sane can laugh at such far left tomfoolery and thank our lucky stars that we still have a faint grasp on the location of our marbles.

But how mad are they, really?

A source has sent me the following diary excerpt, found abandoned on a train from Brighton to London, and which appears to have been written by someone with blue hair...

**4.30am. A solemn thank you to the birds outside who have raised me from slumber and wish each and every one of them well for the rest of the day through the miracle of 'coo'.**

**5.30am.** Morning prayers at the mosque. I'm not a Muslim so I instead stand outside making low chanting noises, all recorded and posted straight onto my Insta.

**6am.** Walk through the park, stopping only to gently caress and then thank each emerging flower head along my route.

**6.15am.** Chased out of the park by a gentleman of the road, whose slumber I disturbed when I stopped to sit on a bench. Am instantly distressed by my capitalist behaviour.

**9am.** After a long bath in freshly mown grass-scented long-life vegan milk, I check again that my face is free of makeup and prepare a simple breakfast of nuts, seeds, and, every other day, grout.

**10.45am.** *This Morning* is my guilty secret. Thank God Our Phil is now a gay. We need more gay people on the television as they are hideously underrepresented.

**12.20pm.** Arrive by train into the far-right London. I immediately disembark, and then use superglue to attach my hands back onto the outside of it.

**12.21pm.** Am ripped off the train by three hundred or so furious commuters who demand to know what gives me the right to stop them getting to work and back. Palms smarting.

**12.22pm.** Protest that I am a child of the earth and that, besides, I don't have to join the hideous Tory rat race as I am the reluctant beneficiary of £115k-a-year from one of our family's trust funds.

**2pm.** Released from custody suite

## Secret diary of a 'wokie'

after daddy's intervention via his quick call to Chief-something-or-other from his golf club.

**3pm.** Spontaneously break out into my loud and distinctive humming tribute to Gaia in the middle of Sainsbury's organic aisle, only slightly delaying three dozen other shoppers.

**4pm.** Head home for Brighton, a place where love really is the drug. Along with other assorted pharmaceuticals that, in Brighton, is against the law not to consume.

**4.30pm.** I drink a cup of lukewarm hemp tea and pop a couple of magic mushrooms, which aren't drugs, as they come from Our Blessed Mother Earth.

**8pm.** Decide to watch something gory on Netflix to give me something to complain about on Twitter.

**9pm.** Fermented slice of plum for supper, with a refreshing glass of my plant-based urine.

**10pm.** To bed, where I hope to dream of a world without money, houses, heating, transport, or any kind of nice food that capitalists pretend to enjoy.

**Midnight.** Wake up in a hot sweat, having had a wet dream about sitting in a McDonald's restaurant shoving Big Macs down my throat like they're going out of fashion. My sheets are soaking.

## Veteran cop had meth lab in his house

A COP was busted for running a METH LAB in his house.

Christopher Walls, 50, was arrested after his co-workers were called to his home because of a domestic disturbance.

After someone in the house tipped them off about Walls' *Breaking Bad*-style antics, cops found the ingredients and equipment for making meth in the basement and a shed.

Walls (above) had books related to making meth, explosives and poison.

Officers also found a stash of six guns, high-capacity magazines and ammo in an unsecured safe that could have been accessed by a child living in the house.

Walls, a 19-year veteran of the Long Branch, New Jersey, police department, is facing six charges related to the meth production as well as a second degree child endangerment charge and firearm possession during a controlled-dangerous substance offence.

## Fuel 'hoarder' set on fire after car flips and explodes

A WOMAN who was hoarding petrol tried to flee police in a stolen car but crashed and was set on fire.

A cop tried to pull over a 2007 Pontiac G6 after he ran the plates and found it was stolen.

Jessica Patterson, 28, tried to outrun the officer but lost control of the car and flipped it over.

"The vehicle immediately caught fire and multiple explosions were heard inside the vehicle," officials wrote.

Patterson emerged from the car on fire and the cop pushed her to the ground to extinguish the flames in Greenville, South Carolina.

The suspect was "hoarding" containers of fuel in the boot, which started the fire.

Yanks have been panic buying petrol after a vital pipeline was hacked.

# SCHOOL BAND MISS SENT LAD SNAPS OF HER FLAPS

## But she dodges rap for sucking off teen

**PRISON ESCAPE:** Steinman performed sex act on student

**A FORMER high school band director accused of having a sexual relationship with a student has escaped jail.**

Ashlee Steinman, 29, allegedly sucked the 18-year-old's hard cock until he erupted gushes of semen down the pretty teacher's throat.

Steinman is also alleged to have sent the student pictures of her held-open fanny, described in court documents as "dripping with juice", and another pic of herself fingering her own anus.

### Illegal

Despite the student being the age of consent, under Alabama law it is illegal for a teacher to have a sexual relationship with an 18-year-old student.

Chilton County High School band director Steinman was initially charged with the crimes of school employee engaging in a sex act with a student and using her official position to gain access to the student and carry out the illegal relationship.

The charge of an employee engaging in a sex act with a student carries a maximum

By **SUZIE SHELTON**  
[news@sundaysport.co.uk](mailto:news@sundaysport.co.uk)

sentence of 20 years. But Steinman pleaded guilty to one count of a school employee distributing obscene matter to a student, which is a less serious offence.

Under the plea agreement, Steinman received a one-year suspended sentence with two years of probation.

She is to have no contact with the male victim in Clanton, Alabama.

Records also show that Steinman was ordered to immediately sign termination papers with the Chilton County school system, as well as surrender her teaching certificate and attend 10 hours of counselling with mental health facility.

## Courtney blasts new Pam Anderson show and reveals sex tape 'destroyed' her pal

**REAL-LIFE**

COURTNEY Love has blasted the upcoming mini-series chronicling Pamela Anderson and Tommy Lee's leaked sex tape, *Pam & Tommy*, insisting the X-rated vid "destroyed" the *Baywatch* scorch.

The Hole singer, 56, stood up for her friend Pam in a lengthy post shared on Facebook, where she recounted the aftermath of the tape's release and slammed Brit actress Lily James, who is playing Pamela, with a withering: "Whoever the f\*\*k she is."

Courtney added: "I find this so f\*\*king outrageous. When Pam and Tommy's

sex tape was out it destroyed my friend Pamela's life. Utterly."

Courtney even shot down a request made by the mini-series, which is currently filming, over usage of a *Rolling Stone* magazine cover she appeared on.

### Marriage

Starring Lily as Pam and Sebastian Stan as Mötley Crüe drummer Tommy Lee, *Pam & Tommy* is based on the model's three-year marriage to the rock star, which saw them tie the knot in 1995 and take part in their infamous sex tape.

# THE WORLD FAMOUS AGONY

Dear Kelly,

I SNEAKED a peek in my stepsister's diary the other week and found out she has a secret lover.

She doesn't mention him by name in the book, but it's pretty damn clear that it's one of the lads who empties the bins on our estate.

My step-sis has just turned 18 and is a bit of a looker who my all mates fancy, so I don't know why she's hooked up with this fella.

If our dad found out he'd go ape shit – not just because this lad is a binman, but because she's shagging around.

There's this one particular part in her diary where she clearly describes how she sucked his balls while her hand tugged at his cock and he groaned before shooting his load over her tits – which are massive, by the way!

I feel like a bit of a pervert knowing this, but I'm only concerned about our family name and reputation.

Should I tell my dad what I know?

GY, Somerset

Kelly says...

NO. It's none of your business.

Dear Kelly,

MY bird works in a pie factory and she's forever bringing home samples for us to enjoy.

I don't mind this, they're really tasty and it's saving us a lot of money which we can spend on other things.

But I suspect she's being serviced by the boss, who lets her have the tasty pastries, as she's recently started coming home from work later and later.

Whenever I bring up the subject, she goes coy and offers me my favourite cheese and onion slice – while she also gets on her knees and gives me a blowie.

What should I do?

TF, Lancs

Kelly says...

I THINK she likes food too much to be shagging around. Just enjoy her special treats!

## Blonde babes next door are offering regular sex

Dear Kelly,

I WAS in my back garden a couple of weeks ago, soaking up some rays, when my new neighbours looked over the fence.

They're a pair of fit blondes in their early twenties who moved in together recently and they asked me round for a few beers and a chat.

They were both wearing tiny bikinis and after we'd had a few they both went topless!

By this time I was up for f\*\*king the pair of them and when they started kissing each other's pert boobs I didn't hang around.

I led them inside and invited them to suck my rock-hard cock.

They both took it in turns until I shot my load.

We then went upstairs and I boned one of them from behind while she licked her mate out.

It sounds too good to be true, I'll admit it, but they want to make it a regular thing.

But last week I got a kick in the balls when my money-grabbing landlord said he was going to put my rent up by £50 a week.

I can't really afford it, but I desperately want to keep on shagging them.

What should I do?

CK, email

Kelly says...

FIND the money from somewhere!

AGONY IS BROUGHT TO YOU IN ASSOCIATION

**WELCOME to the World famous Sport Agony page! No other newspaper's agony aunts can offer the level of advice – or experience – than our own Agony Angels! This week KELLY MCGREGOR has been reading through your letters. And here's her advice for you...**

# 'Groupie' was actually my sex-mad girlfriend

**Dear Kelly,**

**I'M the lead guitarist in a rock band and I've got a problem with our singer.**

I know all about groupies and such like, as we get a fair few of them hanging around after gigs.

Horny babes wait at the back of the venues just begging for a chance to get on our tour bus and get some action.

I'm in a relationship, so I never bother with them, but it never ceases to amaze me how easy it would be to get a bonk after every show we do.

## **Bucking**

Our singer does takes advantage of the situation, getting off with a different babe at every gig.

This is absolutely fine with me, but at one show he told me he'd just boned a groupie BEFORE the gig because he liked her stripy tights.

He then described in detail how it happened – and it was quite a story.

Apparently, she cornered him in the gents, led him into a cubicle, sat him on the loo and sucked his knob until his balls ached.

Then, he said, she unleashed his monster of rock, turned around,

pulled her tights down and lowered her wet pussy on to him.

And all the time she was riding him like a bucking bronco, he just sat back and smoked a cigarette.

But the girl wasn't done. She pulled him out of the cubicle and ordered him to take her from behind as she was bent over the toilet sink.

Everyone in the band was laughing about it – and I have to say, the way he told us how he'd been pointing in the mirror at himself while she was bent over the sink had me in stitches as well.

Well, it did until moments later I saw my girlfriend walk backstage – wearing black and white stripy tights!

She got a great big cheer from the rest of the band and now I'm a laughing stock.

I love the girl, but I don't know if I can ever trust her again.

Should I forgive her?  
*BW, east London*

**Kelly says...**

**NO, I don't think you can trust her. She's done it to you once and she'll do it again.**

**Dear Kelly,**

EVER since I can remember, the thought of rubber against my skin has me tingling in the nether regions.

It began when I was a kid, when I found a swimming cap left behind in the changing room at our local pool.

I loved the feel of it and stuffed it in my bag instead of handing it in at reception.

Now I have a big collection of them and I rub myself off on them all the time.

But unfortunately, my obsession with rubber has landed me in trouble.

I told my latest girlfriend, who freaked out and whipped me in the face with a floral number I was trying to get her to wear when I shagged her.

Now I'm all confused and don't know what to do next. Am I a twisted pervert or what?

*JJ, Humberside*

**Kelly says...**

**NO, but try a fetish website for friends.**

## Sex toy shocker

**Dear Kelly,**

I'VE always had a really active sex life but after I married my husband he quickly lost interest.

The other night I dressed up in my French maid's outfit in the hope of getting some action.

I waited for hours so I could surprise him with a kinky shag.

Then he strolled in from the pub, worse for drink, and just wouldn't stop talking about what his daft mates have been up to.

I was so angry that I went upstairs and got down to it with my vibrator and gave myself the best solo seeing-to I could manage.

Next thing I know my pissed hubby is in the room demanding that I suck on his cock while shoving my sex toy up his ARSE!

I did it with pleasure and he seemed to enjoy it more than he should.

Do you think he's a closet gay?  
*HS, Herts*

**Kelly says...**

**A MAN'S G-Spot is hidden up his anus and, when stimulated right, can deliver amazing orgasms. It's not just gay men who gain pleasure from this.**

**Dear Kelly,**

LAST week I went to a lingerie party at a girlie pal's house.

The usual selection of saucy undies and dildos got passed around, with comments such as "That's the size of my fella's" or "That's twice as big as his".

We'd all had a few drinks and the conversation moved on to a debate about whose bloke was the most well-endowed.

I've measured my man's and it is nine inches when erect.

I'm proud to say that he uses it well and expertly fills all my holes with it!

But one gobby girl at the party wanted to bet £100 that her bloke had the biggest.

I can't afford to lose £100, but I could also do with the money.

But is it worth gambling on it?

*MB, west Midlands*

**Kelly says...**

**IF you can't afford to lose £100, don't risk it. Just enjoy his length!**

# #MY SEX FANTASY

...WITH  
**CHRISTINA JOLIE**  
34D-25-34  
FROM EGHAM,  
SURREY

**MY very naughtiest sexual fantasy is getting down and dirty in places you shouldn't be!**

I'm so bad for it. The other day me and my fella went to the supermarket and when we got back in the car I just started stroking his knob.

It was broad daylight in a car park and people could have seen us, but that's the thrill.

He got really hard and then he started fingering me and caressing my boobs I ended up going down on him.

## Horny

It was incredibly horny! I am highly sexed and I love to just go with that 'got to have it now' urge.

We just managed to finish as the family in the car next to ours came back!

I've got carried away like that before on train journeys and in the swimming pool and on a hotel balcony.

It kind of gets to a point of no return when you couldn't stop even if you wanted to.

I've not been arrested, yet, but I've had some close shaves. Don't get me wrong, I do like sex in a comfy bed where you can relax, but the biggest rush is a shag in public!

knob, he got  
hard and began  
fingering me!'**

**IT'S finally time to say goodbye to the creepy Crawleys of Downton Abbey and hello to the horny hotties of buxom Bottomley Manor!**

For all you red-blooded fellas who love your porn but are bored to tears by dull *Downton Abbey* this is your lucky day.

Released last week, the UK's most highly anticipated adult movie is available exclusively through the *Sport's* adult partner *Private Shops* and, for a limited time they're offering readers another £5 OFF the already low, low price.

*Down On Abby* is a big budget, full length adult masterpiece starring porn legend Ben Dover and a cast of the hottest adult stars around. It will transport you to Bottomley Manor, home to the Lord Grabhem (played by Ben Dover), his wife (and 2014 AVN nominee) Jasmine Jae, and their two young promiscuous step-daughters, Abby and Fanny.

The Grabhems have invited the Stiffies to dinner and their staff, led by butler Small\*\*\* and footman Master Bates, hurriedly prepare to receive their honoured guests.

But during preparations some members of staff have their own ideas of how to make the night go with a bang! As dinner approaches it seems everyone's got more than fancy nosh on their minds. Mind you, there is plenty of noshing as well as lots of other filth that will even cause a crease in Carson's keks.

We see plenty of R18 DVD's at the *Sport* but this one is really something special and one you MUST not miss!

This future classic stars Ava Dalush as Missy, Cathy Heaven as Lucy, Emma Leigh as Betty, Jasmine Jae as Lady Wanda Grabhem, Jasmine James as Fanny Grabhem, Jess West as Lady Stiffie, Lexi Lowe as Abby Grabhem, Ben Dover as Lord Will Grabhem, Big Bad Dave as Smithers and Clarke Kent as Master Bates.

ELECTRICIAN Mike Ellery reckons sparks would fly once he put his cable into glamour legend Dee Iven's socket!

The 63-year-old, from Hull, loves the blonde bombshell's pert pair and can't get enough of her topless pics.

Dee, from Epping, Essex, is the woman of Mike's dreams and he said he'd love to work on her 34Ds.

He added: "If she booked me for work, I'd definitely be up for overtime."

"She's still so stunning – the things I'd do to Dee are unprintable...even for the *Sport*!"

## ANASTASIA DEVINE

FISHERMAN Alan Black has a stash of topless babes stored on his boat for his stints at sea, but Anastasia De Vine is his favourite. The 49-year-old regularly casts his net into the North Sea and keeps himself entertained by ogling *Sport* babes.

Although, he wants a new photo of the 36D beauty from Croydon, to make his collection complete.

He said: "Those early mornings are a killer but a new pic of Anastasia would make them easier but also a lot harder...if you know what I mean!"

## DEBEE ASHBY

BLONDE BEAUTY Debee Ashby once left Brian Shepard floored in the 90s when she turned up at a club in Birmingham.

Brian, 49, was left flabbergasted when he saw his favourite *Sport* girl Debee, from nearby Coventry, partying hard in his fave club.

And after seeing her in the flesh, he spent the next 25 years collecting pics of her 34DD boobs in all their glory.

Brian told us: "She walked into the club with all her mates."

"She did look lovely in the dress she had on, but I bet she looks even hotter without it!"

Natalie said: "I like to dress up as a college girl for my man every now and then.

"I'll wear an itsy-bitsy skirt, a tie, white socks, a boater hat and I even put my hair in pigtails.

"And I don't wear bra or knickers with that outfit! I absolutely love seeing his face when he finds that out, he can barely control himself.

"I love a bit of saucy role play and costumes are a massive turn-on and lead to fantastic sex, believe me!"

RETIRING: Hodgson

## Hodgson calls it quits after 45 years

SUNDAY'S game against Liverpool at Anfield will be Roy Hodgson's last after 45 years in management.

He is standing down as Crystal Palace boss to retire as a full-time gaffer.

It brings an end to a run that started at Swedish side Halmstad in 1976 and included four years in charge of England.

He has been at Selhurst Park since 2017 and has steered the Eagles away from the drop zone each season.

Hodgson said: "After more than 45 years of coaching I have decided that the time is right for me to step away from the rigours of top-flight Premier League football, so our final two matches will be my last ones as manager of Crystal Palace.

"It's been a particularly rewarding period of my football life and career to have been able to spend these last four seasons with Palace.

### Future

"I feel now that at the end of another successful season, in which we have secured our Premier League status, the moment is right for me to step down as a full-time manager.

"I have had so much support from my wife and family throughout my career and I have been contemplating this decision for some time, and now I believe the time is right to consider them and to see what the future holds for me.

"I have really enjoyed my time at Palace, I have been privileged to work with an outstanding group of professional and dedicated players, most of whom have been with me throughout the four years.

"A manager is only as good as the players on the pitch.

"I have been fortunate that those in my charge have certainly given me that and I thank them for it.

"I am sure I speak for all the players, my coaching staff and backroom team, when I say I am proud of the work we have done together to retain our Premier League status during this time."

# RISING STAR GREENWOOD DESPERATE TO

# MASE THE ACE HAS HIS EYE ON GOALS

I can only get better says Reds teen ace

## MASON Greenwood says we haven't seen anything like his best form yet.

The Manchester United forward has been one of this season's success stories as the 19-year-old has become a regular for Ole Gunnar Solskjaer.

He has really hit the target in the past couple of months, with a big scoring streak of eight goals in 12 matches.

And the teenager is not short on confidence. He said: "I always knew my time would come.

"The goals have started flowing but I have still got a few years to reach my full level of speed.

"I am still growing, still filling out. I am only 19."

One area where Greenwood did

By PAUL THOMAS

have to improve was his strength on the ball.

He has always had blistering pace and an ability to hit the target but there was a view that he could be outmuscled by stronger defenders.

That is changing now too with Greenwood starting to fill out as he gets older.

He added: "I have not really been working specifically on that but it has started to come this season.

"My all-round play, my defensive work. Just being a player, basically. That is coming through now.

"My hold-up play has improved. I don't think I give the ball away as much as I used to do when I was younger and just coming into the team. I know the game a bit more

and the pace of the Premier League a bit more. It has all come together."

It hasn't all been plain sailing for Greenwood. After breaking into the England squad, he blotted his copybook after breaking Covid 19 protocols while on duty with the Three Lions.

He was kicked out of the squad and has to regain the trust of boss Gareth Southgate.

### Challenge

Greenwood admitted: "It was difficult.

"You know how it is, it was obviously going to come. It was a mental challenge but you have to block it all out really.

"If you play for United, one of the biggest clubs in the world, you have to overcome that. I have pushed that

to one side just to concentrate on my football. I have overcome it now.

"I am happy to be back playing my best football."

Boss Solskjaer has always thought Greenwood would become one of his most important players.

He has constantly given him chances and that backing is really paying off now.

The Norwegian said: "It has been down to his own quality, work rate, focus, determination and desire to get better.

"He is a young boy learning all the time. Last season, he was outstanding for a first season.

"This season, he started off with a few struggles. In the long run, that will stand him in good stead. He has got himself through it.

"He has really worked his socks

# TAKE HIS GAME TO NEXT LEVEL

**STRONGER:**  
Greenwood  
has beefed  
up this season

off to find his form. Towards the end of the season, he is really looking sharp and really good. And he is as good as he has always been in front of goal.

"In the long run, his struggles will stand him in good stead. He has got himself through it."

## Protests

Greenwood thinks United can take their form to the next level now that fans can return to Old Trafford.

There are concerns about protests against the owners but the players just want some noise in the ground.

Greenwood said: "I think everyone is missing the fans, they are a big part of this football club."

"Without the fans, it is not really a football club at all. It will be nice to have them back a little bit towards

the end of the season and obviously next season it can feel like Old Trafford again."

Greenwood has one ambition to fulfil this season. The Reds are in the Europa League final where they will face Villarreal.

He added: "To win something with United would be amazing."

"I want to do that. We are in a good position to do it. A good finish to the Premier League season and a win in the final would be nice."

"We need a bit of silverware, we have not had any for a few years, so to bring it back home would be a good feeling."

"It would be nice to go to the Euros but I just want to be fully focused on United for these last games and the Europa League final then whatever happens, happens."

**NEW START:**  
Stuart Broad

## Broad hopes for new era without Ed

**CRICKET** By ANDY MILLOM

ENGLAND legend Stuart Broad says former top selector Ed Smith "didn't rate him" as a bowler.

The Notts seamer is the second-highest wicket taker for the Three Lions but has struggled for a regular place in the team for a couple of years.

The 34-year-old hopes to get more chances now that Smith has been shown the door by England.

Broad said: "A lot of people have bosses who don't rate them as much as other people and I think he was mine. He probably didn't rate me as much as other players. That's fine, but I kept finding a way to prove some selection decisions wrong."

"I disagreed with getting left out in Barbados, one of the best places to bowl as a tall fast bowler, and there are a few occasions where I have felt a bit disgruntled and didn't have the communication that I would like."

"I am open to being told things, have a discussion face to face and then have a beer and move on, that's how I like to do things."

"Maybe Ed and I didn't have that sort of relationship."

"We struggled a bit on communication and probably saw the game of cricket differently."

"He did a lot for bringing through some young cricketers and giving them exposure into the international scene but maybe he didn't rate me."

Broad wants to make up for lost time this

**GONE:** Ed Smith

summer. He added: "My aim is to be fit, available and fresh for all seven Test matches."

"But Test caps aren't there to be given out free and cheap. We work very hard for the opportunity to play Test cricket and you have to earn your stripes."

"I don't think many could argue against Jimmy and I being in the best bowling attack in England, but if you need to get experience and overs into bowlers that is what it is."

## Arteta: It's all my fault

MIKEL Arteta admits Arsenal's woes this season lie solely at his door.

The Spaniard reckons he's made a host of mistakes that have been costly for the Gunners. It looks like the Londoners may have no European football this season for the first time in a generation. Or even worse, they may end up in the new Europa Conference League.

Arteta said: "To have a successful season at this club you have to be having trophies in your hands."

"I want to reflect in the next week or so when we have finished, but I am sure I have done a lot of things wrong."

"100 per cent I can tell you now. So how am I going to make better decisions, get the better out of the players and the resources we have got. I want to spend time building, creating and with all the foundations we have in place now and evolve."
